

## FURTHER YOUR CAREER AS A DOT CERTIFIED MEDICAL EXAMINER TODAY!

Certified medical examiners are licensed MD's, DO's, NP's, PA's and DC's who perform DOT physical qualification exams for commercial drivers, based on medical requirements and guidance established by the Federal Motor Carrier Safety Administration (FMCSA). To become certified, health care professionals must complete an accredited training program, register with the National Registry, and pass the NRCME certification exam. As leaders in our field, the NADME NRCME Certification Training Course can simplify this process. Our online program is self-paced, comprehensive, and easy to use. It exceeds the FMCSA's core curriculum requirements, and prepares candidates to pass the NRCME certification exam and become certified medical examiners in order to join the National Registry of Certified Medical Examiners (NRCME). DOT Certification=Increased Revenues!
